

---

Chapter: Complementizer

Keywords: *bait*-relatives, appositive relatives, complementizer, embedding, relatives, relativizer

Notes:

«(...)modern eastern dialects developed another kind of relative (which also exists in earlier texts, however), which we refer to as as '*bait*-relative'. Contrary to relatives with relative pronouns, *bait*-relatives are very common in present day spoken Basque in eastern dialects. *Bait*-relatives are appositive or extraposed relatives, in which no relative pronoun is used, but where resumptive pronoun can be employed. The only complementizer which can be used in these relatives is *bait*- (-*e*)*n* is excluded).» (Oihartzabal 2003:816).
